Media Consent Form

There are many occasions during the school year where staff photograph, film or record students participating in school activities or events, for example classroom activities, sports events, concerts, excursions, camps etc. We do this for many reasons including to celebrate student participation and achievement, showcase particular learning programs, document a student’s learning journey, to communicate with our parents/carers, school community and local community in newsletters or on our website. We are also occasionally asked to send photos to the Myrtleford Times and Wangaratta Chronicle.

Other media, or the Department of Education and Training’s media team, may seek to photograph, film or record students for a news story or school event. This may include broadcast media, online or social media or print media, including newspapers and magazine publications. Participating media outlets may ask your child questions and their responses may be recorded.

Neither the school nor the Department own or control any photographs, video or recordings of students taken by the media. Students will only be filmed or recorded by the media at school if express consent is provided for that specific media event.

We will use student images reasonably, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our school’s Child Safety Policy.

Consent can be withdrawn at any time during the year. If at any time a parent/carer or student has a concern about the use of any images they should contact the Principal directly.

Please complete the consent form below and return it to school as soon as possible.
